

NJS CHARGING POLICY

Under the provision of the Education Reform Act 1988, no charge can be made for school activities except in the following circumstances:-

- a) In lessons where there is a finished product i.e. cookery or design technology, parents may be asked for their agreement to either provide the materials or pay for the cost of the materials, and the child will then keep the product.

- b) Board and lodging will be charged for on residential trips. However, parents in receipt of Income Support or Child Tax Credit in line with the Local Authority Remission Policy, may be able to claim remission of these charges.

- c) Charges may be made for individual pupils who receive specialist music tuition from Doncaster Music Service. This is in addition to the curricular music lessons for which no charge is made. The current charge is £6 per pupil per half term.

We hope to be able to continue our policy of regular outside visits but these will only be able to continue if parents agree to make a voluntary contribution to cover the cost.
